Motion 20070712

Title: To request a vote of the membership on changes to the By-laws

**Text of the motion:** The Board submit the changes to the Bylaws to the active members by email to those with email addresses and by mail to those with no email addresses, to give all active members a chance to vote on these important changes.

**Rationale or explanation:** Those voting against this motion felt that if all active members are to get a ballot, a better, more cost efficient method, would be to include it in a normal newsletter mail out. Another reason for delaying the vote is that the membership voted at the last reunion business meeting to table this proposed amendment for disposition at the next reunion.

Failed: 20070717

\* the abbreviation "P" stands for proxy
