

Pete,

Please accept my resignation as a Board Member at Large. I didn't realize how much time and communication would be required to participate properly. I travel extensively and I don't carry a laptop. We are visiting New York for the next week and I'll be away from my computer again as I have been for the last 10 days. If the Association should ever desire to have a Reunion at Branson, MO I would be happy to help.

Sincerely, George Harmon
